

HEEA

Highway Electrical Association

805 - CDM Regulation

Duration:	1 day
Suitable for:	Managers, clients, those in overseeing organisations and contractors in public lighting, signs, traffic signals and/or other Highway Electrical specialist areas
Course aim:	This course aims to provide an overview of the CDM regulations, including the responsibilities of the duty holders at each stage of a project. It also aims to give an understanding of how implementation of these regulations impacts on the overall management and co-ordination of health, safety and welfare throughout all stages of a project, and the associated benefits in terms of the reduction of accidents and ill health
Prerequisites:	<p>In order to gain maximum benefit and learning outcomes from this course there are a number of training modules, which are required before attending. A complete list of pre-course requirements is available from the Training Specification located in the Download section of the HERS web site at https://thehea.org.uk/hers-hesa/hers-resources/ - Category: HERS Handbook and Training Specification</p> <p>** Confirmation will be required that the prerequisites have been achieved **</p>
Course Objectives:	<p>On completion of the course learners will be able to</p> <ul style="list-style-type: none">• State the purpose and benefits of the CDM regulations• State under what circumstances the CDM regulations apply• State the main stages of a project• State the main duty holders and their responsibilities at each stage, including specifically designers• Describe how competency is assessed• Describe the requirements for the pre-construction stage• Describe the requirements for the construction phase• Describe the contents of the Health and Safety file• Explain how the H&S file should be used after the project has been completed
What to do now:	<p>Further details and booking may be made from the website: https://thehea.org.uk/hea-specialist-training/ Or by contacting the HEA (Highway Electrical Association) Office, on 01903 705140</p>
