Trainer / Assessor / Auditor

The HEA is one of the largest and most influential bodies within the highway electrical sector and as a trade association, represents organisations from a variety of areas within the industry including contractors and manufacturers in the street lighting and traffic signals sectors. The HEA is also the administrator of the Highway Electrical Registration Scheme (HERS) which sets out training and NVQ requirements.

We are looking for a new Trainer / Assessor / Auditor to complement our committed and friendly team. You will be based from home and be able to undertake frequent travelling to deliver training, on site NVQ assessments and auditing.

You will have experience in the street lighting or traffic signal or other highway technology sectors either at supervisory management level or have achieved NVQ Level 3. Ideally you will have one of more of the following qualifications: L3 Adult Education Trainer, NVQ assessor, auditor – but don't worry if you don't have these, as we can provide these through our staff CPD programme.

So, whether you are already delivering training or assessment, or whether you're considering a career change into this area – we'd like to hear from you!

There is a comprehensive package of salary and benefits available, together with appropriate and relevant training as required to enable you to carry out training, assessment and auditing.

To express interest or for an informal chat, please email contact@thehea.org.uk or call the HEA office on 01903 705140.

The HEA is an equal opportunity employer.
